About Us

ART N GLASS has always been the frontrunners for innovation in glass with cutting edge technology. We are a well reputed and well accepted top brands in the construction industry. We revolutionized the glass industry like no one could and soon became the synonym of glass, not only in the north, but all of india.

When it comes to pushing the product we have not left any stone unturned from our decorative processes to our supremely technical architectural glass.

Our bulletproof and automotive glass has also made us number one choice for OEMs like tata, Indian railways, Indian army etc.

Alongside we run other associate businesses, such as **Green fenestration** -UPVC doors and windows, **Axsys Souldion** - RnD in the field of aluminum. Futhermore Axsys created a wild fire by creating other supremely effective subbrands and products like, **Artrail Railings, Minimo Windows, Alliance aluminum windows** and finally branching from the same brain child came **AARNA** the quench the need of the the luxuriousmodern home.

Introduction

Inspired by the Indian goddess of wealth and aspirations of the aquatic flower lotus. Aarna inaugurates itself as India's first bespoke aluminium frame manufacturer and retailer, that markets in products that help extenuate your homes to new potentials.

They specialise in products such as Doors, Sliders, Shower Cubicals, Partitions and Wardrobes. All of the products are exclusively designed keeping universal standards of modernisation and minimalism as their top most priority.

Aarna offers a wide range of colours and materials to choose, with it's elaborate selection of options to pick from Aarna opts out to be the ideal solution for all kinds of residential and corporate spaces.

AARNA
BRIÁ
FIXED DOOR

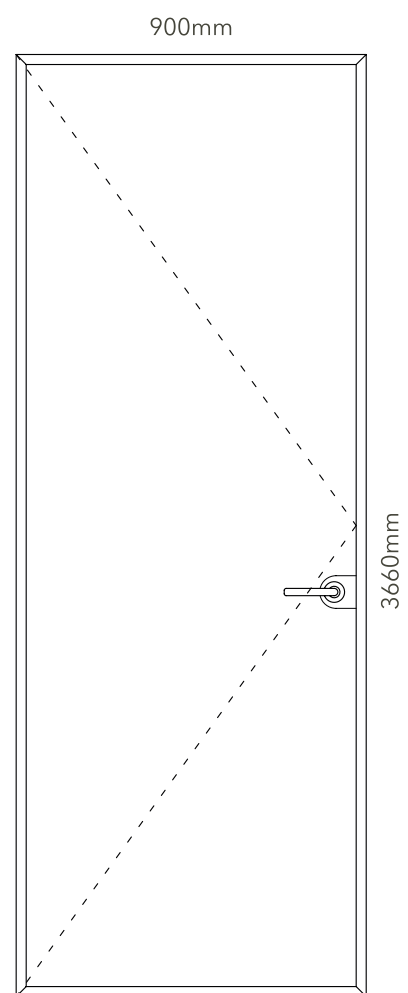

AARNA BRIÁ

Aarna Briá is the sleekest matte finished interior aluminium door in the county.

Challenging the conventional wooden doors in ways of distinction.

Aarna Briá carries a maximum height of 3660mm, with a maximum width of 900mm. Allowing it to be easily placed to any type of rooms and closures.

Aarna Briá is designed with slim bullet hinges and barrier free bottom, designed with a key lock mechanism from the outside whereas a mechanical knob from the inside, making it a perfect product for any residential and corporate spaces.

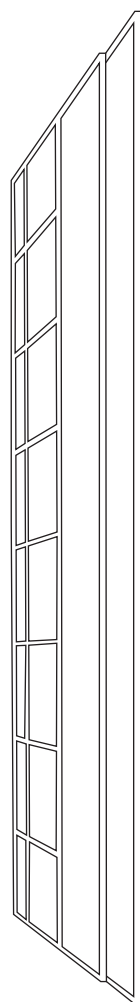

The product is equipped with concealed reversible hinges that allow to reverse the opening direction and guarantee very short assembly times. The exclusive telescopic aluminium jamb allows to hide the differences in wall thickness. It is available in the swing and pocket version, in standard or slim version.

AARNA
RENNA

SLIDER DOOR

AARNA RENNA

Aarna Renna is a sliding system that is slimmest of them all, With the slightest soft close mechanism, Renna aspires to be the most premium door slider in the Indian market.

DOUBLE SLIDER

SINGLE SLIDER

SLIDER TO WALL

DOUBLE ENCLOSING SLIDER

ENCLOSING SLIDER

Aarna Renna allows the incorporation of a glass up to a thickness of 10.5mm , which allows a large variety choice of glass types to choose from such as tempered, laminated and fabric glass.

The maximum height of the slider could be 3660mm and weight per shutter is approximately 100kg allowing it to be placed in any residential spaces with utmost ease. With a shutter face of 12mm the bottom barrier floats on top of the floor providing elegance with simplicity.

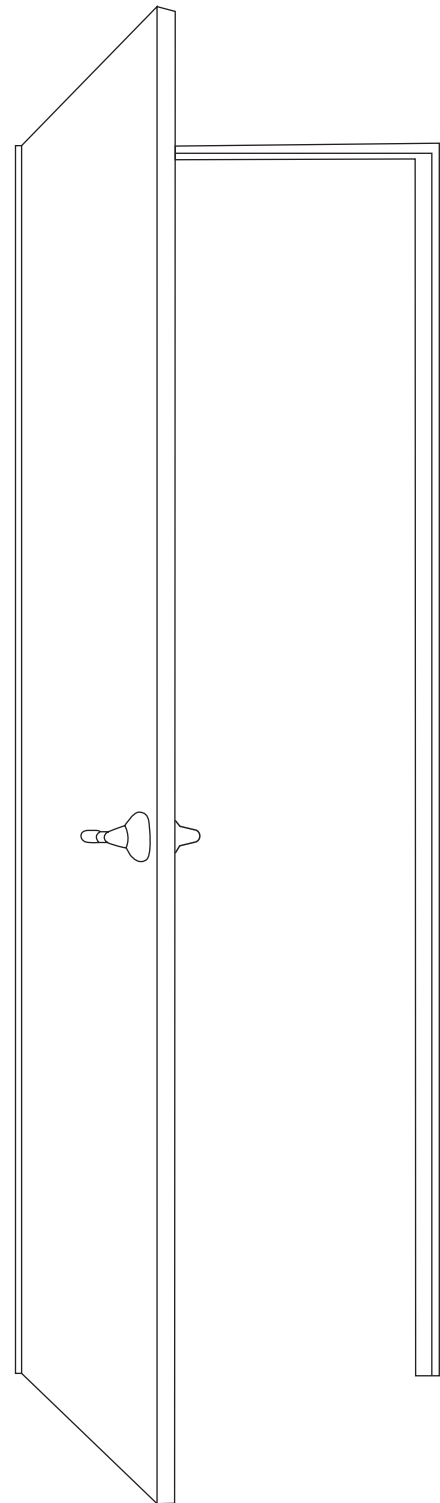

//

Aarna Renna renders the whole atmosphere with a exquisite vibe that makes the room more adequate to the luxurious setting.

AARNÄ
VÄRI
FLUSH DOOR

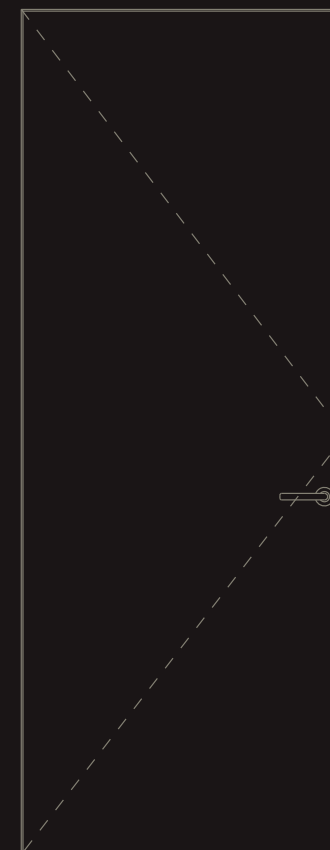

AARNA VÄRI

A symphony of the door and the wall, the Aarna Väri is a flush door where both the wall and the door have the same material and lie flushed on the same surface.

The Aarna Väri has a shutter that is seamless with a 3mm aluminium trim with a neat 20mm aluminium outline that demarcates the presence of our invisible door.

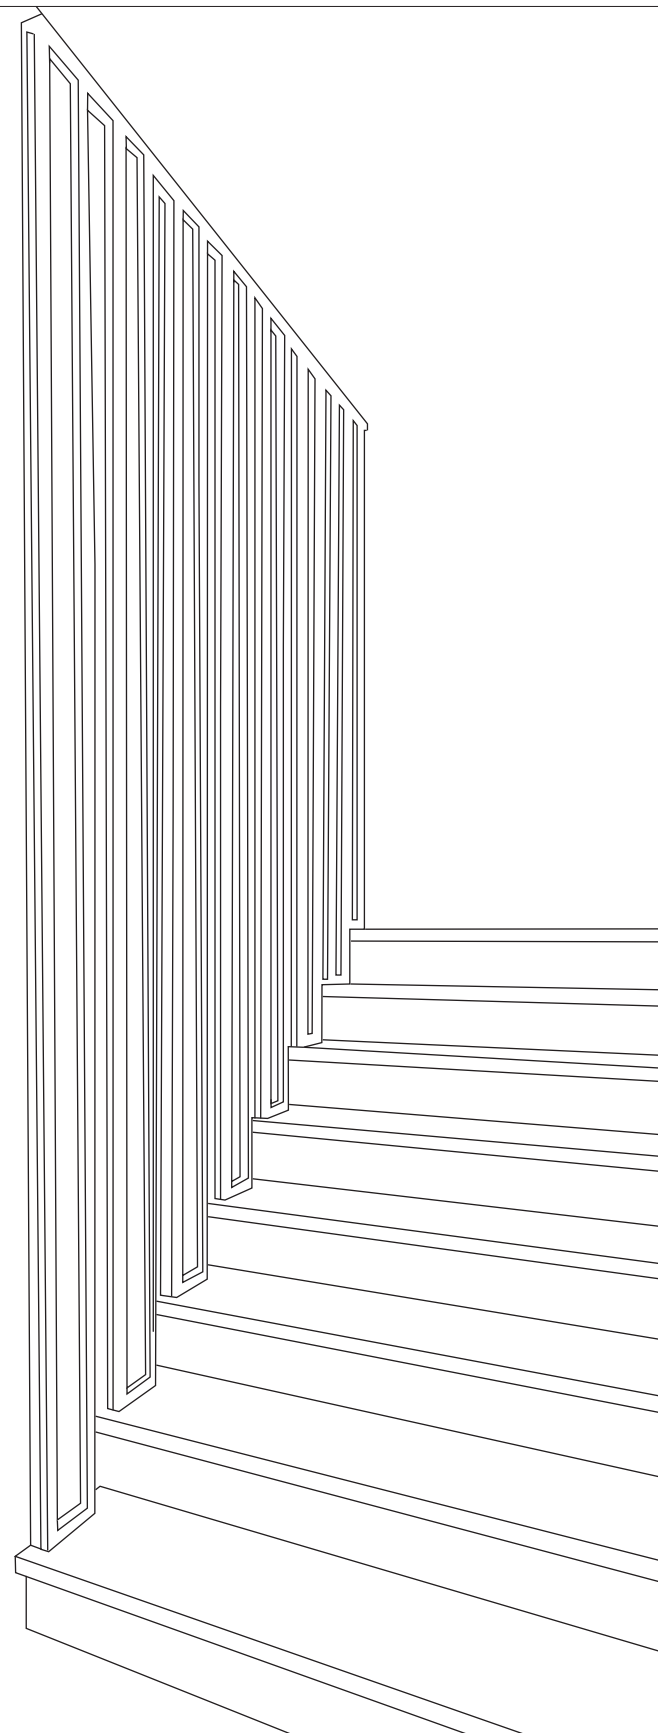

Aarna Väri can be manufactured in multiple materials such as laminated glass, lacquered glass and digital prints

// A must for any modern homes"

exterior divisions, Residential decor and many more,

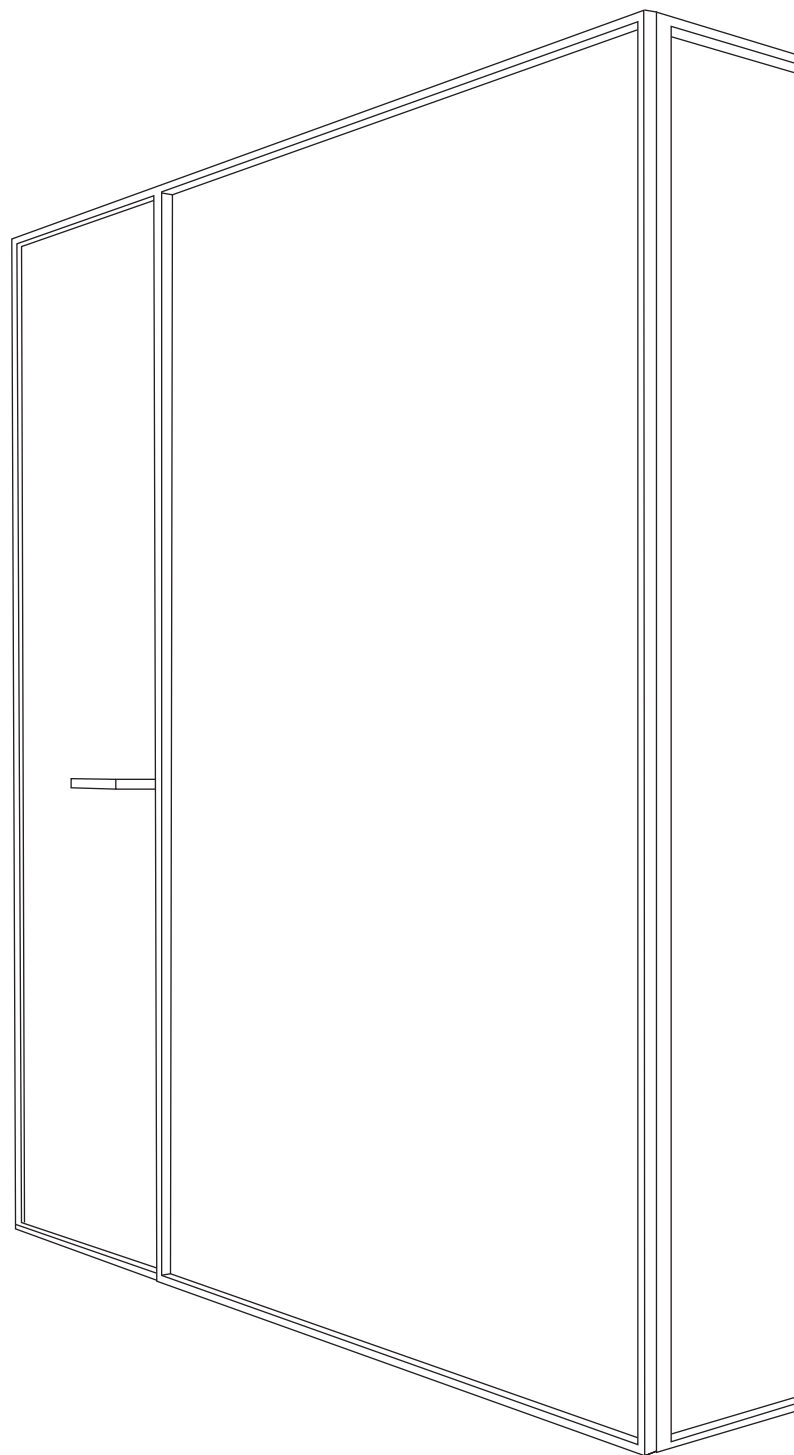

AARNA

İSA

SHOWER CUBICAL

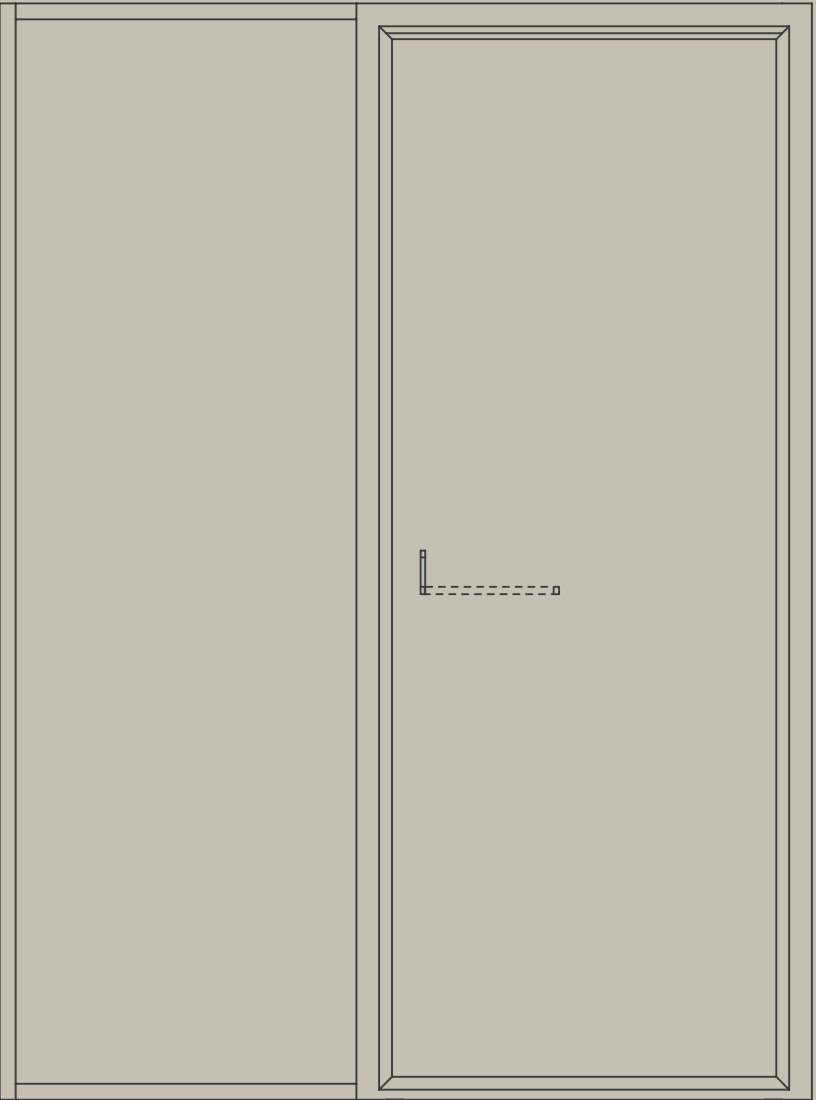

AARNA İSA

Aarna İSA is the only shower cubicle of its kind which is completely made out of aluminium. The design allows the users to add an aesthetic elegance as well as exclusivity to their bathrooms.

Aarna is proud to have made something so exclusive. Aarna ĪSA is the only cubicle with completely hidden water seals and closing mechanism. Inbuilt magnets to hold the shutter tight and revolutionary seals instead of the regular shower seals.

Additionally it can be manufactured in any colour/finish.
The sash/door holds a 16mm front face and it's is the
only the real framed cubicle to achieve an height
of 3.6 meter high.

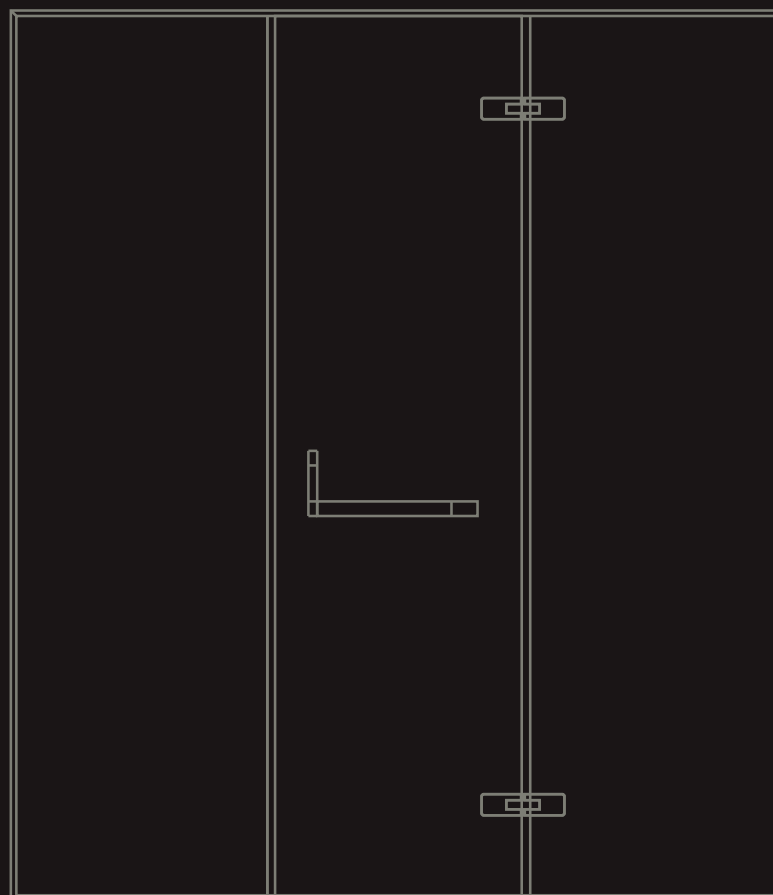

AARNA İSA 2.0

Aarna İSA 2.0 is an all black shower cubical that is the perfect mix of slim black frames and rocket slim hinges. With its decadent minimalistic aesthetics, they prove to be an ideal addition to your homes.

// It is an eloquent addition of simplistic aesthetics added to your homes, uplifting your current bathroom ambiance to grandeur aspirations.

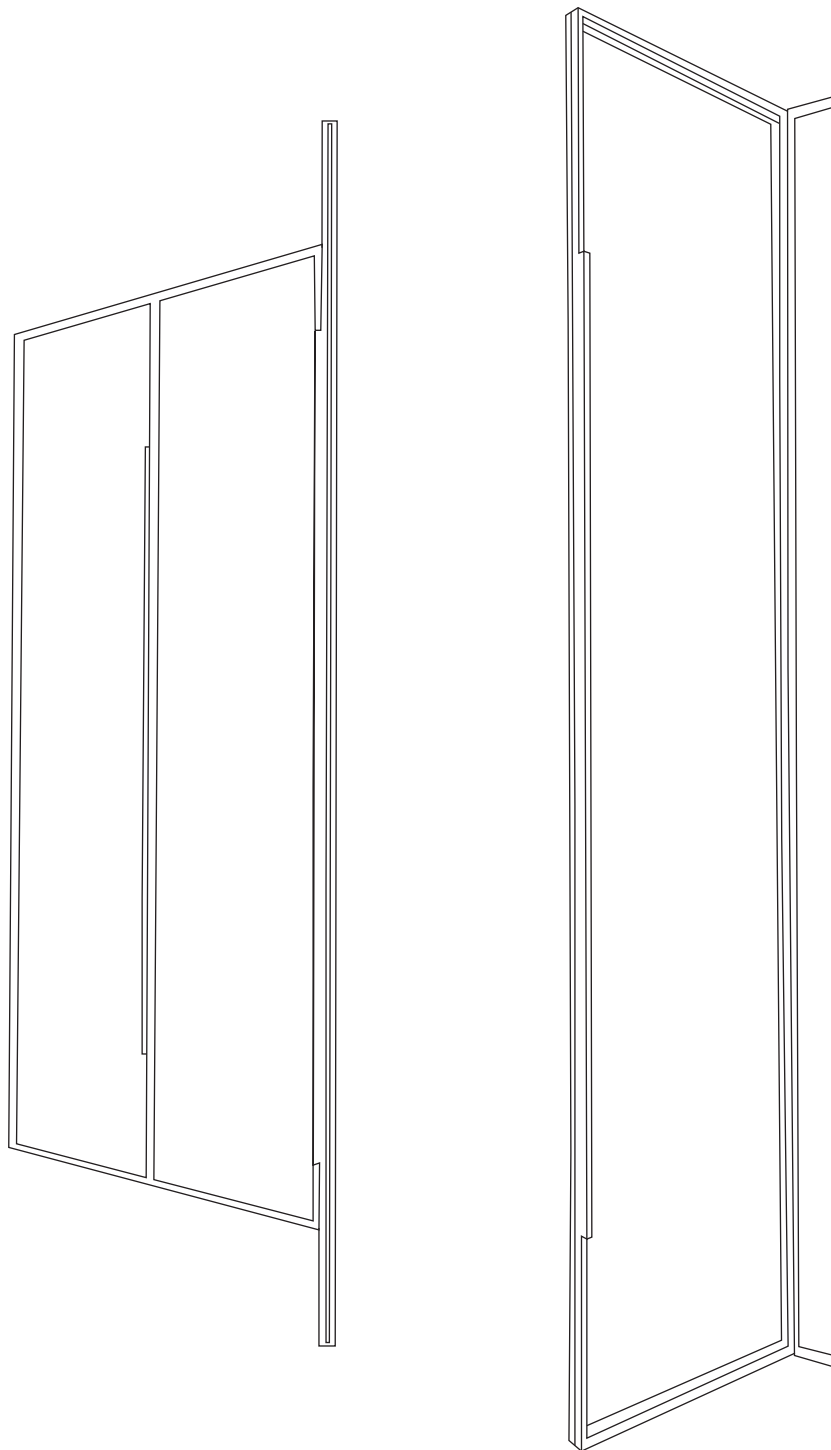

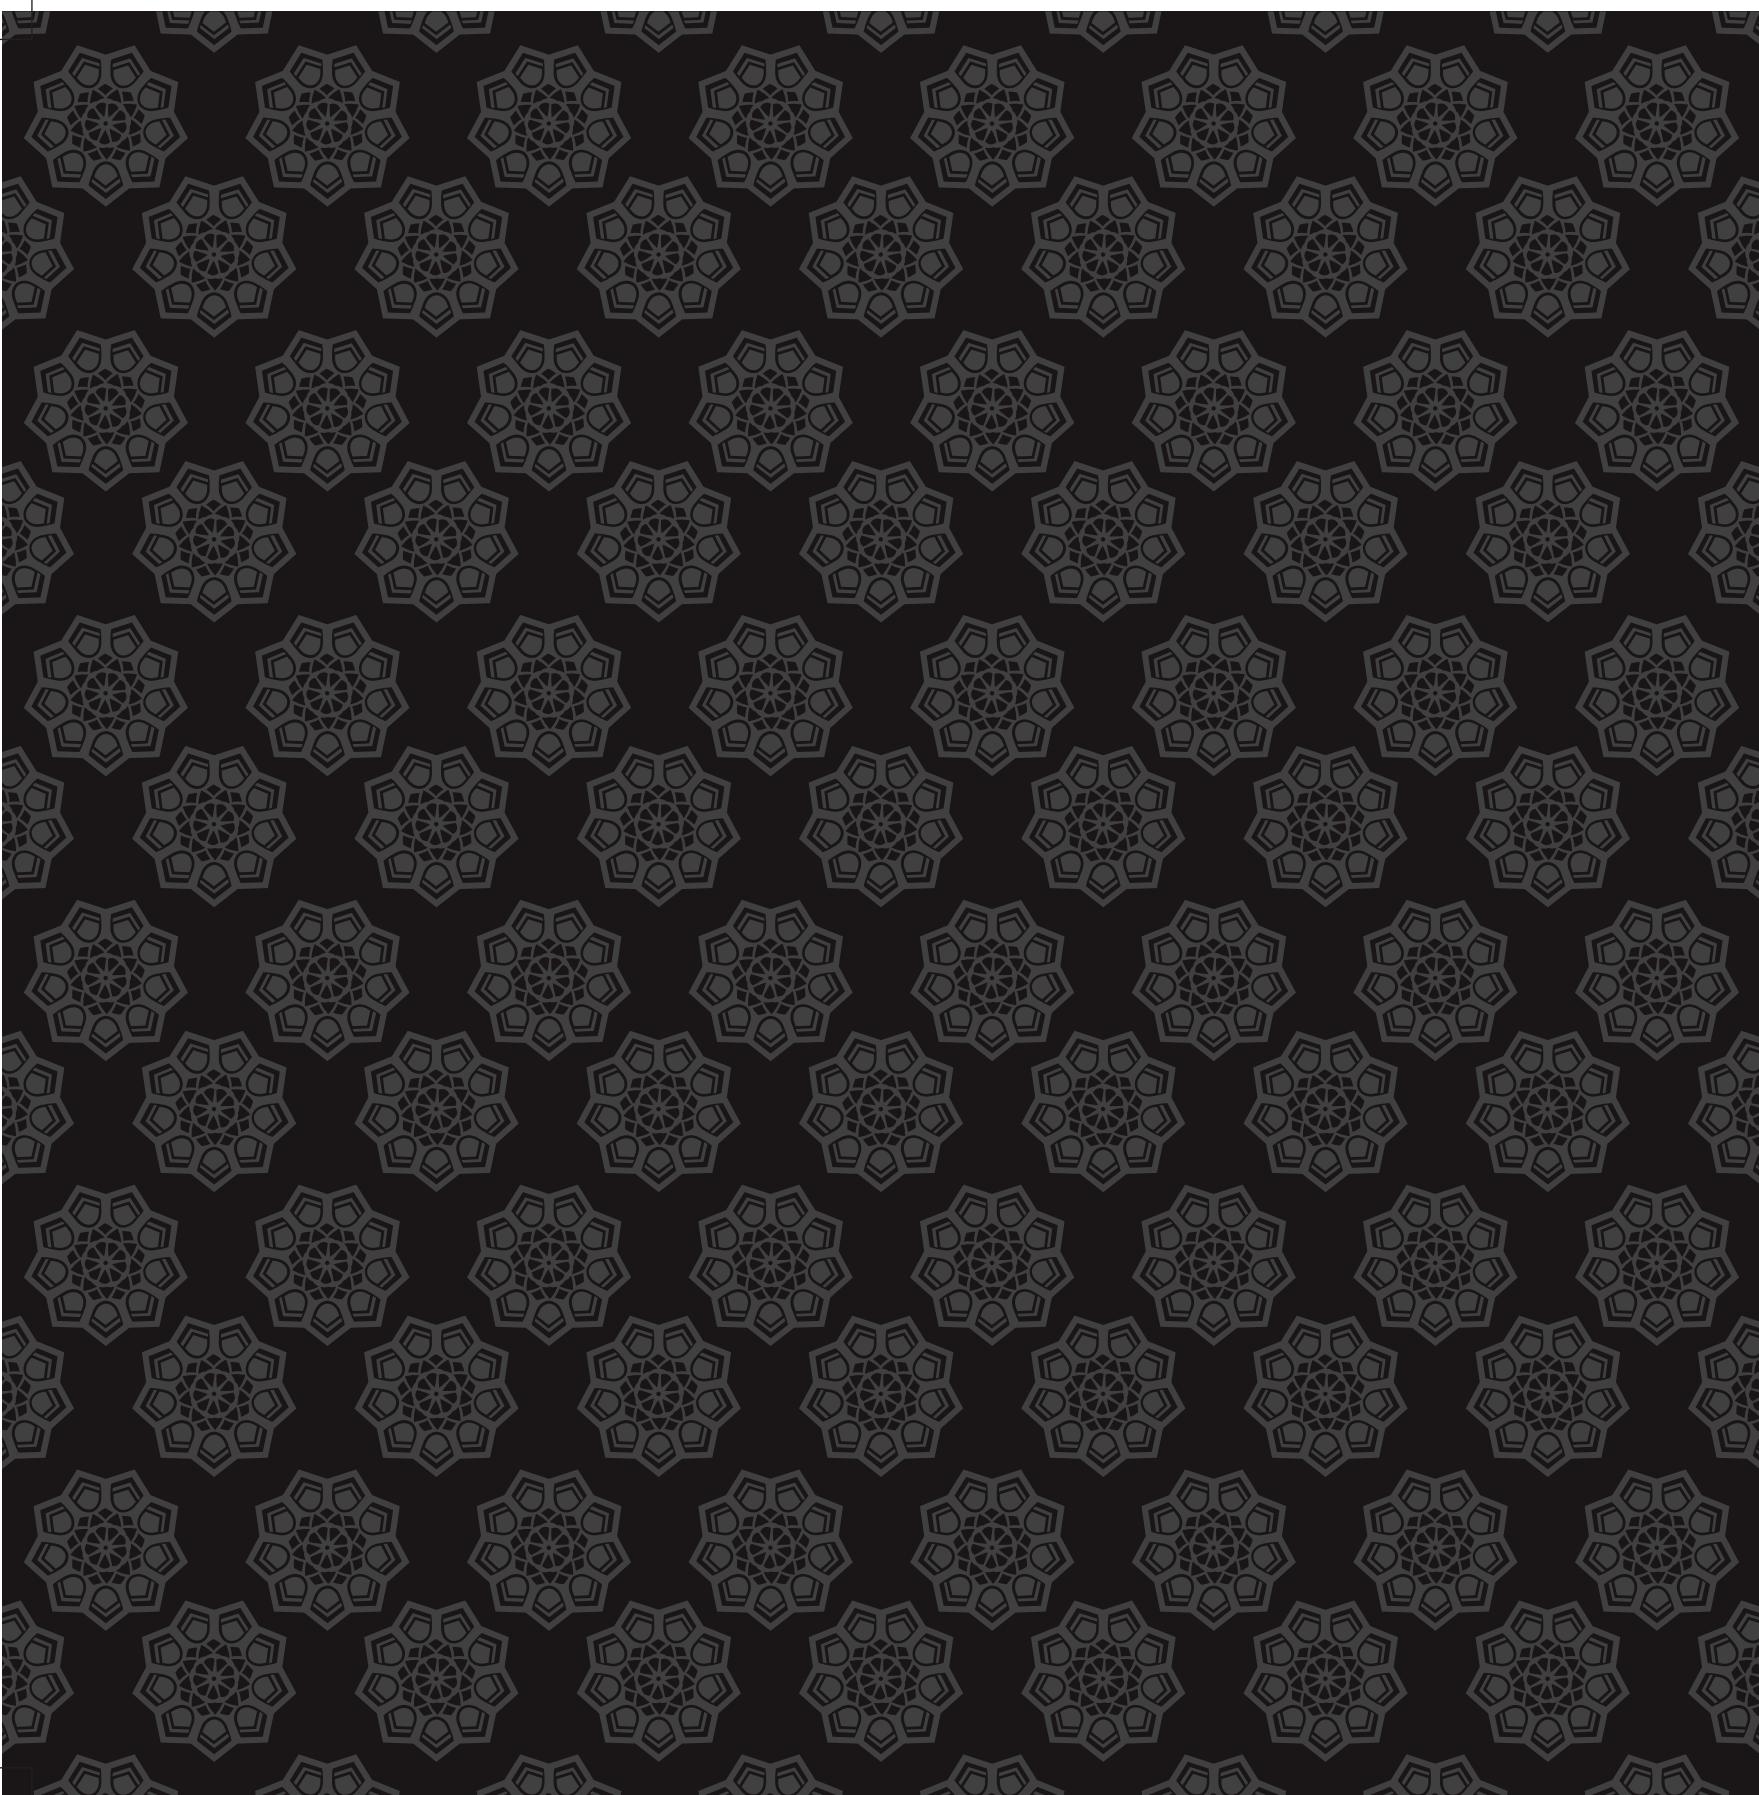

Aarna ĪSA runs a 19mm black frame with a maximum height of three metres supporting the cubicle from all the sides. With families of interconnected seals both magnetic and water lay a jet black on these black frames elevating the holistic aesthetic appeal.

AARNA
ARMARI
WARDROBES

AARNA ARMARI

Aarna Armari are minimal yet modernised aluminium wardrobes designed to highlight your bedrooms uniqueness.

These beautiful wardrobes are designed with aluminium frames that circumscribe around clear glass or a wooden carcass.

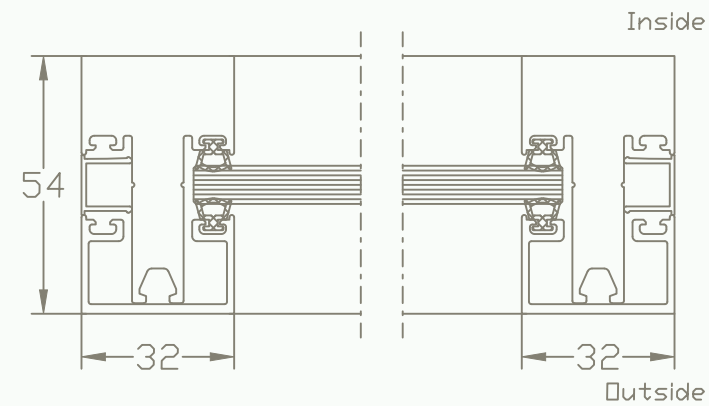

With aesthetically placed Italian concealed hinges and soft closing doors, Aarna Armari extenuates and overall lavishness.

The shutter stands 3 mm with integrated handles that can be changed in length.

Additionally, the shelves can be fully customized as per your needs, and carry a seamlessly integrated Led lights for a comprehensive experience.
